Your letter of 15 March indicating your interest in gaining employment in Central Intelligence Agency has been referred to my geographic organization. Although they recognize your unique qualifications -- especially a speaking and reading knowledge of Polish -- they have indicated to me that there are at present no vacant positions into which you could be placed. They seem to be adequately staffed in the areas for which you are most qualified.

So that I may place your job interests and qualifications before a larger number of people in the Agency, I am asking that you fill out the Personal History Statement and other papers which I am forwarding to you under separate cover and return them to this Agency as directed.

I am sorry to have to inform you that there are no positions available in geographic work, and can only hope for you that your qualifications will be useful elsewhere in the Agency. If there is anything further I can do, please do not hesitate to write.

Sincerely yours,

Otto E. Guthe
